1) The tents were torn while taking them for use by the Society.

2) They were very old & were in bad repairs

3) The tents were so bad that they would have been damaged anywhere else.

26 The Storekeeper has missed the point. Even the reply furnished by him on the slip attached does not touch it. Mr. Jarman says that the tents were torn while taking them down here (at Labuja). They were old tents (2) and were in bad repairs. The Tent Steward himself was in charge of the work. It is these points that have to be cleared up. Were the tents damaged while they were struck or not? If so is the Lascar responsible for the damage. Let the Storekeeper furnish full information

Is there anything in finding a Lascar to be sent to Labuja in the Labuja Camp tents

What has the Lascar in question to say in the matter

The Lascar himself was in charge of the work as mentioned by Mr Jayaraja & his explanation is put up.

Mr Jayaraja's St. The Stores Lascar himself was in charge of the Work

Point 4

39 From the explanation furnished the Lascar does not appear to be responsible for the damage but he on the other appears to have on the other hand saved the tents from destruction & the accidental fate

Hal Jr

13.1.12

40. The tents were old ones but they were not in a damaged condition and were quite fit for use when they were issued from the Stores. They were heavily damaged when they were in the possession of the Horticultural Society. Our Lascar was sent there to supervise the tents & help the Society if necessary. To

the Maharaja of Mysore,

Sir,

With reference to your letter No.944 dated 1st instant, stating that the repairs to be done to three tents (One double pole tent and two Swiss cottage tents) lent to the Mysore Horticultural Society for the Horticultural Show held on the 2nd August 1924 are estimated to cost Rs.261-9-6 and requesting to send the amount early, I have the honor to state that the tents were torn while taking them down here. They were very old tents and were in bad repairs. The Tent Stores Lasker himself was in charge of the work. The damage cannot be attributed to the Society using the tents. The tents were in such a condition that they would have been damaged anywhere else. In these circumstances, I think it is not fair to charge the cost of repairing the tents to this Society.

I have the honor to be,

Sir,

Your most obedient servant,

SECRETARY.
